ICDL Application Essentials

A ChromeOS / Google Workspace version of ICDL Application Essentials Certification Tests, Diagnostic Assessments, and elearning is in development. A demo unit of the elearning will be available in April.

Elearning Updates

Artificial Intelligence

The ICDL Insights Artificial Intelligence elearning has been updated to ensure it remains relevant and current. It has been updated to include recent developments in AI technology, specifically in the area of Generative AI. This update is now available. The syllabus and test remain unchanged.

If you would like to update your localised content or need any other assistance, please contact support@skillsbox.com and we will be happy to assist you.

Web Editing (Kompozer)

The elearning for ICDL Web Editing (Kompozer) has been updated to address minor errors.

As always, there is ongoing maintenance activities on existing modules. All feedback is greatly appreciated.
