

CEPIS
Council of European Professional
Informatics Societies

Welcome to this issue of our Member Update. Join the new CEPIS R&D&I action group, check out the activities of Cyprus, German and Hungarian Informatics Societies, and participate in the ALL DIGITAL weeks. Discover all this and more below!

Register for the 70th CEPIS Council meeting

The CEPIS 70th Council meeting [registration is now open](#). It will take place on Thursday 4 May 2023 from 09:00 - 15:00 CET approximately, in hybrid format. The in-person meeting will take place at the Parador hotel in Alcala de Henares, Spain. The registration deadline **is Friday 14 April 2023**. The meeting agenda and other documents will be available in due course [on the Members' area of the CEPIS website](#).

CEPIS R&D&I transversal action group launched

Following the Members' suggestions for the new strategy, CEPIS has launched a series of actions related to research, development and innovation (R&D&I). This initiative is being led by the Member of the CEPIS Board of Directors Aida Omerovic.

TrainDL: Introducing AI and Data Literacy in Schools

As students interact with data and AI technologies every day, they should learn how to both critically evaluate and effectively use them. But how can teachers convey competencies in these complex and constantly-changing fields? TrainDL is a European education policy project funded by the Erasmus+ programme and coordinated by the German Informatics Society

New section in CEPIS newsletter

In order to better serve our members' interests, CEPIS is introducing a new section in its monthly member update. This section will serve to highlight any useful resources such as funding opportunities, recordings of topical events and similar content. If you have a suggestion about what to include, please let the Secretariat know!
